

EU Type Examination Certificate

Date: 2024/12/10

n. **1095245002/OE**

Validity: 2029/12/09

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: (Responsible of the PPE)	GREEN FORCE 7 Rue Jean-Jacques Rousseau, 91430 Igny - FRANCE
Type of PPE:	Protective gloves for motorcycle riders
Category of PPE:	II : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.
Model	"MK-2" col. BLACK

Description:

model: five fingers;
palm side: black grain leather (MWP-GL-001);
lining palm side, side wall of index and little fingers, fourchettes, cuff palm side (from outside to inside): white polymeric membrane (MWP-HIPORA); white wadding (MWP-thinsulate-40g); black fleeced knitting (MWP-Playboy-001);
back side: black microfiber (MWP-DGTL-Amara); black grain leather (MWP-GL-001); black grain leather (MWP-GL-001) stitched with grey foam material (MWP-Foam-2mm) and black/white fabric (MWP-pipe elastic-001); black fabric (MWP-P600D-BLACK); black fabric (MWP-RS-001);
lining back side, cuff back side (from outside to inside): black fleeced knitting (MWP-Playboy-001) matched with grey foam material (MWP-Foam-2mm) (total code: MWP-Playboy-2mm); white polymeric membrane (MWP-HIPORA); white wadding (MWP-thinsulate-40g); black fleeced knitting (MWP-Playboy-001);
side wall of index: black microfiber (MWP-DGTL-Amara); black grain leather (MWP-GL-001); black polymeric material (visor wiper; left glove only);
side wall of little finger: black grain leather (MWP-GL-001);
partial reinforcements: black microfiber partially coated with black polymeric material (MWP-Amara-Silicone); grey fabric (MWP-ECF-001); black grain leather (MWP-GL-001) partially coated with fluo yellow polymeric material; black/fluo yellow polymeric material;
fourchettes: black microfiber (MWP-DGTL-Amara); black grain leather (MWP-GL-001);
elastic wrist-band: black elastic band (MWP-BE-001) applied internally on palm side;
cuff: black fabric (MWP-P600D-BLACK); black fabric (MWP-RS-001);
fastening system: strap made of black microfiber partially coated with black polymeric material (MWP-Amara-Silicone), closed with a black hook (polymeric tape) and loop (textile tape) fastener (MWP-Velcro-001);
reinforcement on palm basis (impact abrasion area): black grain leather (MWP-GL-001); grey foam material (MWP-Rubber-4mm); black fabric (MWP-P600D-BLACK); grey foam material (MWP-Foam-8mm); grey fabric (MWP-ECF-001);
knuckle reinforcements: grey/black preformed polymeric material (MWP-TPU RUBBER-2mm) covered with black fabric (MWP-P600D-BLACK); grey foam material (MWP-EVA-4mm); grey foam material (MWP-Foam-8mm), folded to obtain 2 layers of material;
edging: black knitting coated with black polymeric material (MWP-PU-001).

Technical Standard:	EN 13594:2015	Protective gloves for motorcycle riders – requirements and test methods.
Intended use:	for motorcycling activities, intended to give protection against ambient conditions together with limited mechanical protection to the hands and wrists in accidents.	

EU Type Examination Certificate

Date: 2024/12/10

n. 1095245002/OE

Validity: 2029/12/09

Size range:	MEN's sizes: from S to 4XL
Technical File:	DC-19099
Test report:	RCT n° 4344049/E
Functions and performance levels:	EN ISO 21420:2020: Protective gloves. General requirements and test methods: the gloves satisfy the general requirements of design and manufacturing, innocuousness, ergonomic properties. EN 13594:2015: Protective gloves for motorcycle riders: According to the basic requirements tested and assessed, this glove has obtained an overall performance level of 1 ^(*) . KP = additional property indicating the presence of the knuckle protection. ^(*) : the higher level provided by the technical standard is level 2, granted to gloves providing an increased protection with respect to level 1 but might have weight and ergonomic restriction penalties.

Marking:	printed on stitched label and displaying the following information: - CE Marking; - name/trademark and web site of the Manufacturer; - item designation; - pictogram to indicate the motorcycle use, overall performance level achieved, symbol "KP" to indicate the knuckle protection, nr./year of the reference Standard; - size indication; - pictogram instructing the user to read the User Manual; - date of manufacturing; - additional information: care symbols and instructions and "Made in...".
----------	---

Do not machine wash or hand wash
Do not bleach
Do not tumble dry
Do not iron
Do not dry clean

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements.
The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
